

The Delray Democrat

Cosmic Rabbi, Florida Representative, and Civil Rights Lawyer Barry Silver¹

Arlene Ustin

As for Barry's public positions as a Cosmic Rabbi, Florida Representative, and Civil Rights Lawyer, the list of his efforts and accomplishments is very long. We lost a deeply beloved friend and universal citizen.

For those who have had a moment to be with him, hear him, read his pieces, argue his provocative premises, and take care of event details, we know we have lost a brilliant pillar of unrelenting activism and a profound sense of humanity for the vital issues that we face.

His undaunted energy to uplift our democracy and honor our planet in all its nuances will endure. It is now up to us.
